

## Recurring Day Care Claim Form

This form allows you to automate your day care claims. If you make fixed payments to your day care provider for a set period of time you may use this form to receive automatic reimbursement for your day care expenses. This method of reimbursement cannot be used if your payments fluctuate or change during the course of the year. This form is intended to act as the receipt or third party substantiation required for day care claim reimbursement. Reimbursements in accordance with this form will end on the earlier of the Service Date "end date" as indicated below, or the last day of the plan year. You may submit manual claims for other day care expenses not captured here (i.e. summer camps). Do not submit manual claims for the expense detailed below as these expenses will be automatically reimbursed.
