Investing involves risk, including risk of loss.

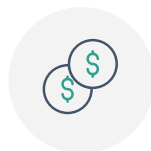

Create a budget

In order to take control of your money, you first have to know where it's going and how you're spending it. [Download this activity sheet](#) to your computer (or print it out) and use it to list all your debt and help you make a plan for tackling it.*

Manage debt

Managing your debt is another way to take charge of your financial situation. By making smart debt decisions, you can free up more of your money and get it working even harder for you.
