

## Do you know the savings difference between a HMO and a HDHP plan?

The County offers three (3) traditional Health Maintenance Organization plans (HMO) and three (3) High Deductible Health Plans (HDHP). HDHPs have lower in monthly premiums than traditional HMO plan but may have a larger out of pocket expense for services which you pay at the time of care. The following chart shows your potential savings.

**FREE**

**FREE**

\*Assumes employee is enrolled in Tier B family coverage. Rates are pending Board approval.

HDHP enrollment might also allow you to contribute to a Health Savings Account (HSA) under certain conditions to protect you from the deductible costs and help with retiree health cost.

Join the County Employee Benefits Office team for an educational workshop where you'll learn the importance of how switching from your current HMO plan to an HDHP will help you use your money wisely.

**Workshops are first come first serve. Please obtain approval from your supervisor before attending.**
