

Sutter Health Plus Network

Our Network

Includes **30¹** hospitals and campuses, more than **5,000** providers and dozens of care centers², urgent care centers and other locations³.

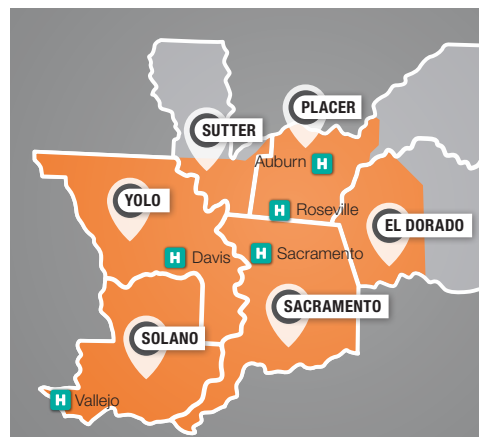

Sutter Health Plus
Your Health Plan

Sutter Health Plus is committed to providing you access to quality care with convenient locations to help you and your family stay healthy.

Understanding Sutter Health Plus

This guide will help you understand your medical group and the facilities you can access.

When you choose a primary care physician (PCP), you are also choosing the PCP's affiliated medical group. Your PCP refers you, as needed, for specialty care, X-ray, laboratory and other services. Many covered services, including visits to a specialist, require a referral or prior authorization from your medical group. Your PCP will refer you in-network for most services. If services aren't available, your PCP will refer you for out-of-network services and will request authorizations when necessary.
