

## **ADULT CORRECTIONAL HEALTH**

### **FULL-TIME OPENINGS FOR NURSE PRACTITIONERS**

**\$154,408 - \$187,685 Annual Salary**

(Includes base salary and 25% correctional differential)

Sacramento County is looking for Nurse Practitioners to work in a dynamic environment. Multidisciplinary staff deliver physical health and behavioral health care services to incarcerated adults in two county jails. The population served is low income, diverse, and has chronic physical health/behavioral health conditions. This population has a higher incidence of severe mental illness, substance use disorders, and chronic health conditions than the community-based, low-income population.

Correctional Health is a vastly growing and a rewarding field. Practicing medicine here has meaning to our providers and patients. Caring for those who rarely seek care has significant impact on the community's health and provides new learning opportunities for even the most experienced providers. There are no patient emails or insurance issues to distract from patient care. Experience true work-life balance in a collegial environment.

We offer excellent benefits, including paid time off (vacation, holidays, and sick leave), pension, deferred compensation, and medical, dental, and vision insurance plans. Sacramento County Employees' Retirement System (SCERS) offers reciprocity with several public retirement systems including the State of California.

- 
- ❖ Weekend shift rotations are also available.
  - ❖ Salary includes 25% Differential.

For more information, please contact us at (916) 875-1578. You may send your resume to Steven Padua at [PaduaSt@saccounty.gov](mailto:PaduaSt@saccounty.gov).
