County of Sacramento Self-Insurance Program

The County of Sacramento is a self-insured public entity, which operates its claims program in accordance with regulations that are set forth in the Government Code of the State of California. With self-insurance, a business pays for its losses with its own resources. Since the County is a self-insured public entity, ***you are strongly urged to read all instructions and make yourself aware of the rules and regulations that apply to filing a claim against a public entity.*** If you do not comply with the filing requirements, your claim may be returned as insufficient (Government Code section 910.8).

Are you filing a late claim?

Government Code Section 911.2 states: "A claim relating to a cause of action for death or for injury to person or to personal property or growing crops shall be presented as provided in Article 2 (commencing with Section 915) not later than six months after the accrual of the cause of action. A claim relating to any other cause of action shall be presented as provided in Article 2 (commencing with Section 915) not later than one year after the accrual of the cause of action."

If you are filing your tort claim after the six-month filing period, you must explain to the County your reason(s) for the delay. This is called an "Application for Leave to Present a Late Claim" (see Govt. Code section 911.4). There is no application form, therefore your application should be in the form of a letter with the proposed claim attached. The County shall consider the application in accordance with Government Code section 911.6, which lists legally acceptable reasons for filing a late claim. The County shall decide whether the application will be accepted. The County will consider the merits of the actual claim **only** if the "Application for Leave to Present a Late Claim" has been accepted.
