(2) Please describe your department’s selection and hiring procedures and how they help ensure a workforce representative of Sacramento County (Include, if applicable, hiring interview procedures & policies; internships; education & training opportunities; training & develop assignments, etc).

Hiring interview procedures and policies: The department adheres to County policies, procedures, and Civil Service Rules to select the best-qualified candidate. The determination of qualifications is based upon competitive examination for the position.

To maximize our internal and external community presence, we continue to expand our Internet and Intranet web presence, and participate in job fairs to target job classifications that are specific to our department.

Education, training, and staff development: The department provides opportunities for staff to train, cross-train, and develop their skills, which encourages optimum performance, increases staff effectiveness, and as a result, staff are able to promote.

Internships: The department utilizes student interns to complement its ability to develop and hire a diverse and qualified workforce that is reflective of Sacramento County. A majority of our student interns are from California State University Sacramento and Los Rios Community College District. The department coordinates recruitment efforts with California State University Sacramento, University of California Davis and Los Rios Community College District.

(3) Please describe what recruiting and/or informational events your department has participated in and how they help to ensure a workforce representative of Sacramento County. (Include, if applicable, high school or college job fairs, high school or college programs, church events, or community events.)

Exams are advertised on the various Professional Association websites, social media websites for Professionals, such as, LinkedIn.com, County website, and governmentjobs.com. These methods provide global exposure to our recruitment efforts. Additionally, we participate in job fairs, such as, at colleges and County, to reach out to our external candidate pool. We also send email messages to existing County employees to keep our internal candidates informed of the open exams.

(4) Please describe all websites your department advertises its job vacancies to help ensure a workforce representative of Sacramento County.

We advertise with the following organizations to provide maximum exposure to our exam announcements:

- Governmentjobs.com
- Governmental Finance Officers Association (GFOA)
- State Association of County Auditors (SACA)
- California Association of Tax Collectors
- CALCPA
- California State Associations of Counties (CSAC)
- CA State University, Sacramento
- University of CA, Davis
- LinkedIn.com
- Other CA County websites

(5) Please describe your department's promotion and career advancement procedures designed to enable all employees to have an equal and fair opportunity to compete for

and attain County Promotional opportunities. (Include, if applicable, mentoring, career development activities, etc.)

All examinations announcements are emailed to departmental staff. When vacancies occur, certification letters are sent to department employees that are reachable on the eligible list, in addition to other certified candidates. Vacancy reports are shared with all Division Chiefs, so they may share the information with their staff.

(6) Please describe how the County’s Equal Employment Opportunity program objectives are incorporated into your department’s strategic and operational priorities.

While adhering to Civil Service rules and County policies and procedures, the department engages in a continuous effort to attract and retain qualified staff that reflects the demographics of the community. We advertise through professional organizations to reach out to qualified candidates. Additionally, we maintain informative websites in compliance with the County accessibility standards, to provide additional information regarding the department to both the internal and external candidates.

(7) Please describe your department’s method to ensure its EEO activities and efforts result in service delivery across all sectors of the community (e.g. systems or processes for communication between County agencies and direct contact with community organizations, etc)

The department has addressed service delivery across all sections of the community, both internal and external, through the Internet and Intranet. These sites include current and understandable information about our services in an accessible format. In addition, we provide interpreters, when possible, to the public.

(8) For complaints reported in Table 4, if there were any with a finding of *Violation of County Policy*, for each category of complaints (i.e. race, gender, age, etc.) please provide a description of the measures taken to prevent recurrences. Please do not provide specifics regarding the case(s), individual(s) involved, or corrective/disciplinary action taken.

Table 4 reflects one complaint in area of sex/gender. We are continuously looking to ensure that staff feel safe at work, are treated equitably, and that our workplace is free of harassment and discrimination. To ensure employees are familiar with the County policy, construe the meaning of harassment and discrimination, understand appropriate workplace demeanor, and gain skills for responding to situations where sexual harassment or discrimination may occur, all staff are mandated as of January 1, 2019, to take a “Discrimination and Harassment Prevention” training class every two years. The training class addresses the best techniques for preventing, reporting, and responding to equal employment ("EEO") issues. With annual updates to course materials, scenarios are presented in the training, to encourage employees to analyze, discuss, and understand the impacts that discrimination and harassment may potentially have on their work environment. Through this training, we believe that the cases of sex or gender discrimination are preventable in the workplace, as employees are more educated on the issues.
